MEMORANDUM

TO: PASP County Consultants
Agency Directors/Administrators

FROM: Carolyn M. Selick, Program Administrator
Personal Assistance Services Program (PASP)

DATE: June 14, 2016

SUBJECT: CONSUMER COST SHARE OBLIGATION TABLE

I am writing you concerning the Consumer Cost Share Obligation Table for the Personal Assistance Services Program (PASP).

Pursuant to N.J.A.C. 10:140-4.3 a consumer's cost share obligation for personal assistance services shall only be determined by the gross annual income of the consumer. A consumer will have the responsibility for a cost share obligation only if the consumer's individual annual gross income exceeds the applicable eligibility limit of 350 percent of the Federal Poverty Level (FPL).

The sliding fee scale shall be updated annually in accordance with the change in the FPL as published by the U.S. Department of Labor. **For 2016, there has been no change in the FPL, therefore the Cost Share Obligation Table remains the same as it was for 2015 (please see the attached table).** The amounts of the cost share obligation will not require a notice of administrative change normally published in the New Jersey Register.

Should you have any further questions, please contact me at (609) 631-2452.

Thank you.
